	1777/1877 [†] Syntactic Theory	Spring	LING 1000 (Grade B or higher)			
Upper Level	1267 Aspects of Socioling.(W) ^{††} 1580 Language & the Mind 1682 Semantics 1330 Computational Linguistics 1738 Linguistic Structures of Eng. 1860 Historical Linguistics	Every few sem. Spring Every few sem. Every few sem. Spring Every few sem.	None LING 1000/PSY 0010 LING 1000 None LING 1000 LING 1000, 1578, 1773			
Electives	1000+ Ling. Elective 1 (3 cr.)					
	1000+ Ling. Elective 2 (3 cr.)					
Methods	1441 Field Methods 1269 Linguistic Variation & Chg 1340 Data Science for Linguists 1844 Research Methods 1050 Comp Methods in Human. ^{†††}	Spring Every few sem. Every few sem. Fall Fall & Spring	Core (co-req), senior None Some programming Permission # Minimum GPA			
Capstone	1900 Linguistics Consulting/Intern 1903 Directed Research 1930 Applications of Ling.(W) ^{††}	Fall & Spring Any Spring	Permission # Permission # Junior or senior			
		Additional 1000-level course (needed only if above do not add up to 29 credits)				
		Language (1 semester: non-Germanic/Romance/Slavic/Greek)				

[†] The 1800-level sections are designated as "**Accelerated**" and cross-listed with a grad section. Students will need A- in intro, an overall GPA of 3.25 and a 3.75 average on all past linguistics courses to take them. Qualified students should ask an advisor for a permission number.

^{††} One course in Linguistics must be **Writing Intensive (W)**:
LING 1235 Language, Gender & Society, 1267 Aspects of Sociolinguistics, OR 1930 Applications of Linguistics

^{†††} LING 1050 has a GPA requirement; check the course listing for details. In order for this course to count towards your method requirement, your course project must be on a linguistic topic. When you decide on your project topic, have it approved by your linguistics advisor.

Secondary Area of Specialization (Minor, 2nd major or certificate): _____
